Lace, fine embroideries, and other articles too delicate to bear rubbing, may be cleaned satisfactorily and without injury, if you will pare into fine shavings one-fourth of a cake of Ivory Soap, which dissolve in a quart of hot water; fill a glass fruit jar half full of the solution and add the article to be cleaned, then shake well. Rinse in the same manner in clear, lukewarm water.

A WORD OF WARNING.

There are many white soaps, sold represented to be "just as good as the 'Ivory'," that ARE NOT, but the all conceivable, but the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Good Citizens

Ohio, Michigan, Illinois, Wisconsin, and Indiana should not fail to read the paper by Prof. James Baldwin, of Indiana, in the April number of SCRIBNER'S MAGAZINE entitled "The Cradle of the Republic," and suggested by the celebration of the Centennial of the Ohio Valley. It is the vivid and inspiring history of the settlement and development of that great territory, the like of which has never been known in the world's history. The article will be accompanied in the May issue.
